California Ranch News

Further attack was directed by Western railroads last week against the Interstate Commerce Commission decision reducing freight rates on California fruit moving to the East. The decision already has been made the subject of general protest by the railroads most concerned and a delay of one month has been allowed before its provisions become effective.

Payment of more than $30,000 was distributed last week among growers by the Merced-Stanislaus Sweet Potato Growers' Association, according to announcement by A. J. Eddy, secretary-manager. Payments included pool number seven, which was $1.70 net to the grower, and pool number eight, $1.51 net to the grower.

For the first time in the 13 years that Agricultural Club Conventions have been held at the University Farm, Davis, a postponment has been found necessary, due the prevalence of infantile paralysis in the state. The cases in the state are not numerous, says Professor B. H. Crocheron of the University of California, in announcing the postponment, but he is unwilling to run the risk of endangering the life of any boy or girl. The 1600 club winners in the state who were eligible to attend, will now be eligible to attend the convention next year, and probably four sections will be held in 1928.

The market program of the United States Bureau of Agriculture Economics now under the leadership of Lloyd S. Tenny as chief, it to be outlined for the first time at the forthcoming fruit growers' and farmers' convention, which will be held in Stockton on November 16 and 17, according to a statement made by G. H. Hecke, director of the California department of agriculture.

Seasonal shipments from the entire city of Newcastle, Placer County, this season now totals 1,979 cars, with the prospects good that the 2,000-car mark will be passed before the persimmon crop is shipped. Most of the Auburn and Penryn fruit is now going through. Newcastle, as the season is so far advanced in those cities full car loading is impractical.

Thirty-four large shippers in the Lodi district had signed an agreement to curtail grape shipments sixty per cent for last week in co-operation with other districts, in an effort to hold up the price in the East. A price of ninety cents a package is fixed for the week.

Setting a new high record for daily car lot shipment of grapes from California for the second successive Friday, shipments leaving the state last Friday aggregated 1,811 cars, according to reports to the market news service of the state and federal departments of agriculture. Friday's record figures brings the total for the six days of the week to 7,593 cars, or a daily average of 1,265 cars.

California orange growers are sure of a good market for their fruit during the coming year, according to Mark Anderson, manager of the Redlands Highlands fruit exchange, who has just returned from a trip through the east. Business is very good on the Atlantic coast, people are prosperous and when they have money they buy plenty of oranges, he says.

The first packing of pomegranates from the Porterville district started last week, when the Tule River Citrus association started to pack a mixed car of pomegranates, quinces and velvet peaches. By this week the harvest of pomegranates will be in full swing throughout the district. Shipments for the first four weeks will be regular, according to an agreement between the packers of the county.

With work under way on the site for an olive plant to be constructed on the Southern Pacific right of way, about a mile south of Porterville, a new industry is launched for this section. The plant is being erected by A. Adams, who also owns an olive plant near San Fernando. It will represent an investment of about $15,000, and is expected to be ready for this season's crop of olives. The local plant will process green olives, while the ripe fruit will be sent to the plant at Sunland, near San Fernando.

Golden State
News of Interest to All

The cost of living should drop materially in California during the next three months if prices quoted the state by wholesale houses may be taken as a criterion, according to State Purchasing Agent W. G. McMillin. On the whole the quotations for the new quarters were lower than three months ago, McMillin said, although prices were higher for meats and a few other articles of food.

Gold that promises to develop into the West's richest strike in recent years has been discovered in the Piute Mountains, 260 miles east of Los Angeles. The discovers of the ledge are Henry Mulheisen, veteran desert prospector, and Mark Pettit, who has sold his interest. Assays from the discovery shaft show a gold content in quartz ranging from $179 to $800 a ton. The ledge has been opened at two points 300 feet apart, samples equally rich at both shafts and indicates great depth.

Population of the State penitentiary at San Quentin decreased by 17 in the month of September, according to figures made public last week. On September 1 the total population was 3,793. Of these, 98 are women. "First termers" number 3,325 men and 82 women. At Folsom prison, the 2,074 inmates are all men and all are at least "two time losers." Five men now in prison are under death sentence. Date of execution has been set for one; the others are awaiting appeals. The total of "life termers" includes 251 men and seven women.

Nearly 100,000 persons entered California by automobile during August of this year, according to reports of the first actual count of passengers in motor vehicles crossing the state's borders. The statistics were gathered by the State Department of Agriculture reports the California State Automobile Association and they show that a total of 99,657 passengers were counted in 33,572 motor cars coming over all roads entering the state during August. This first count in the state's history of the number of passengers in incoming tourists' cars was made at the various border staticns maintained by the state's agricultural department.

A falling off of nearly 200 in the number of marriage licenses issued in San Francisco for September last, as compared with September, 1926, is shown in the monthly report of Recorder Edmond Godchaux, issued last week. Attaches of the license clerk's office declare that the new State three-day marriage license law, requiring prospective brides and grooms to file notice of their intention to marry, is the cause of the reduction in marriages. The recorder's report shows that 528 marriage certificates were issued in September of this year. In September, 1926, the total for the month was 738.

Kaweah delta property owners near Visalia, will vote November 5 on the question of forming the Kaweah Delta Water Conservation District, the first proposal in California under the new State law. The supervisors of Tulare county last week set this date for the election and it is expected that the supervisors of Kings county will concur in the date, a portion of the proposed district being in that county.

Building reports for the months of September by Building Inspector J. R. Shields revealed last week that Sacramento's total is approximately $1,500,000 greater this year than for the same date a year ago. New projects valued at $393,993.75 were started during September swelling the total for the year to $7,902,238.08. Last year's total at this time was $6,408,650.50. Two hundred and sixty-four permits were issued during September, the total fees collected being $1,768.02. No permits for big projects were issued, the bulk of the building being confined to dwellings. Forty-eight single family dwellings were started at a total cost of $199,474.

Despite quiet periods in several basic industries, California's net industrial income increased 418 per cent between 1919 and 1925, according to figures made public by the California Development Association's research department. The figures show that the state's net income from agriculture, lumbering, fishery products, mineral and manufactures was $2,147,501,000, as compared with $513,657,000 in 1909. Agricultural income net increased more than 300 per cent to $654,299,000, minerals 500 per cent to $434,520,000, lumbering 350 per cent to $72,815,000, fishery products 1,700 per cent to $17,873,000, and the net income of manufactures added as the result of manufacturing of raw products, jumped about 425 per cent to a total in 1925 of $968,064,000.

POMONA GRANGE AT SAN JOSE

Meeting of Pomona Grange, Saturday, October 9.

An unusually large meeting of the Pomona or County Grange took place in San Jose Saturday afternoon and evening, at I. O. O. F. Hall.

A delegation of ten members from Aromas Grange of Monterey county were received and elected making the ninth grange in this county's Pomona. The list of granges now includes Aromas, Coyote, East Palo Alto, Gilroy, Morgan Hill, Mountain View, Orchard City, San Jose and Sunnyvale.

Members from Orchard City Grange elected to membership are Mr. and Mrs. F. G. Myers, Mr. J. M. McKinnon.

A. T. Jones, master, presided with Harry Barnes, overseer. Mrs. Christine O. Ainsworth, secretary, Mrs. LillianNickerson, lecturer.

Leroy Anderson of the committee on legislation reported a resolution relating to the position taken by the National grange with a debenture plan to delieve the farmers, to go to the California State Grange, at its annual convention at Stockton, Oct. 18-21.

Mrs. Jessie McChesney of the committee on education gave a brief but comprehensive resume of some of the educational features of the Philipines.

The report of H. G. Keesling on grange publicity and county beautification was supplemented by Worthy Master Jones by urging each grange to appoint a committee to report its worth-while activities to the local newspapers.

Mr. and Mrs. Horace G. Keesling were elected alternates to the meeting of the State Grange at Stockton.

Th next meeting of Pomona Grange was set for the 2nd Saturday in November, at Gilroy.

LECTURER'S HOUR

In the evening, Mrs. Lillian Nickerson, lecturer, presented the following program:

Piano numbers ..... Miss Myrtle Arnott
Reading ..... Mrs. E. L. Wilson
Vocal Solos .... Frank Crowther
Address ..... A Day

On the Battlefields of France

By Rev. John Stephens, pastor of the first M. E. Church of Palo Alto.

The program was well received.

More than 200 delegates sat down to a real harvest feast in the banquet hall at 6:30 p. m.

The Congregational Church Bazaar has been postponed to November 18 on account of the Kiwanis convention at Hollywood at the earlier date.

Sun. School Pageant

One of the finest pageants ever held in local circles was given at the Congregational Church Sunday evening by members of the C. E. and Sunday School, under the direction of Misses Hancie Naylor and Gladys Merriman and Mesdames F. H. Cutting and Guy Merriman. The story "Out of the Bible" gave a short presentation of each of certain Bible characters represented by the local youth in costume.

They were: Elsie Swanson, Religious Education; Ruth Townsend, Imagination; Don McFarland, Ishmael; Harvey Voge, Isaac; Geo. Barnes, David; Freda Atkins, Mirian; Muriel Crothers, Jairus' daughter; Helen Buck, Mary; Conrad Gaiser, Joseph, Perley Payne, Samuel.

Boys: Cecil Cutting, Dick Morton, Dennis Bennett, Bob Brydon, Phil Robson, Clifton Crothers, chorister.

Girls: Morine Rice, Emma Gaiser, Idel Fulton, Helen Robinson, Carol and Helen Payne.

Truth may be eclipsed, but it can not be extinguished.

Most people wouldn't have their own way if they could have it.

CHAMBER ENDORSES COMMUNITY CHEST

At the Chamber of Commerce meeting Monday, President Farley appointed as local "Prune Week" committee: L. S. Miller, Horace Lea and S. N. Hedegard.

It was voted to ask the Kiwanis Club and Choral Society to cooperate with the Chamber to furnish the program and play for the evening of February 22, Old Settlers' Day.

C. H. Whitman presented the matter of the coming Community Chest campaign and a hearty endorsement of the movement was voted by the Chamber.

S. R. Dodds has kindly offered to show on the screen, town slogans and his offer was accepted with thanks.

MORELAND CLUB TO IMPROVE HALL

Moreland Good Will Club held its regular meeting October 5, with Mrs. H. P. Bean of Williams road. After the business meeting and report of county federation, that held its first meeting after the summer vacation at Palo Alto, September 30, the study of Alaska was opened by a paper upon Alaskan fisheries. Mrs. Zettle showed the value of the industry and the kinds and methods. She handled the subject very interestingly, basing her talk upon information gathered from Handbook of Alaska by Major General A. W. Greely, U. S. A.

The next meeting will show the mining industry and Mrs. Van Every will present it.

This meeting will be at the home of Mrs. Mary Boden on Payne avenue, and will be on Thursday, October 20.

The canvass for funds for remodeling the club house is under way and the ladies are highly pleased with the success with which they are meeting.

Bread Boosts Baker

Hal Tuttle's Blue Ribbon bread an entirely local product, is one of the good things to be found in Campbell (your home town). This choice bakery product has been reduced to 10c and is in great demand.

Brother Hiram has one of the top notch bakers in his bun shop and the quality sweet meats put out by the house is one of its greatest assets. Service is another With these business getters as aids it is little wonder that the Peter Pan has just completed another bigger-than-ever summer season.

Friend Fred on Job

Fred Clancy, Ford agent for this territory, and one of the most progressive campaigners of the county, has hit on a novel get acquainted plan. He has a man going over the Campbell mail route painting the letter boxes without cost to the owner and visitiing with him at the time. In this way he meets every man on the route thus making friends. The boxes are painted a blue gray and the uniformity adds greatly to the general appearance.

"No Limit" Speed Tried in Michigan

Michigan's new speed-limit is "no limit," but provides that a driver must have his car under complete control at all times so that he can bring it to a stop whenever necessary. Reckless driving is strictly prohibited, and slow-moving vehicles which delay traffic are also under ban by the new legislation. The "no limit" is an experimental measure, according to the report received by the National Automobile Club. The former speed-limit in Michigan was 35 miles an hour.

MISSION PAINTINGS SHOWN KIWANIANS

"As Man to Man, and Horace to Horace," Grocer Lea as chairman, welcomed the new Kiwanian, Horace Gruwell. Walt Merrill gave the introductory abc's to Brother Gruwell and presented him with the membership pin. Dean Whitman gave a few pertinent pointers on the Hollywood convention and spoke of the coming campaign for the Community Chest.

The club recommended S. N. Hedegard as president for the local chest council which met Wednesday for the election of officers.

F. Harvey Cutting, Campbell's prominent brush artist, exhibited a number of his paintings recently made of the California missions on his trip south, giving a short account of each.

Captain C. H. Styles, probably one of the best bow makers in America, will give a talk on his work and big game hunting with bow and arrow, at the club luncheon next Tuesday noon. Louis Shelley will preside as dictator and call the fouls.

CAMPBELL TROUNCES TWO GILROY TEAMS

Campbell High basketers got away to a good start last week and defeated both Gilroy teams Friday, 110's by 18 to 11, and 120's by 28 to 5 score.

Those of the local squads are 110's—L. Lea, (capt.); R. Fulton, E. Le Fevre, W. Noethi g, Sawtelle, A. Johanssen, L. Mannini, E. Overshiner, E. Merrill, R. De Selle, N. Casella. N. Voge.

120's—C. Berger, (capt.); E. Mirisseau, H. Gardner, D. Pugh, D. Brayovich, J. Cowell, J. Prout, B. La Barre, W. Pitman, M. Ross and Lovoi. Both teams will meet the Santa Clara teams at the local gym this evening and Coach Noddin looks for two of the best games of the season to be done. He is well pleased with the remarkable showing that the boys have made and expects them to show some real good work this evening.

P T A TUESDAY

High School P.-T. A. is to meet on Tuesday, October 18, at 3 o'clock in the High School instead of October 11, as published in these columns last week (the publicity chairmen got their wires crossed). The school orchestra, under Mr. Thielke, will make their first appearance for the year and need encouragement. Come and hear them and incidently help the Parent-Teachers Association plan the work of the fall term.

The officers are: President, Mrs S. N. Hedegard; vice-president, Mrs. L. T. Lenox; secretary, Mrs. D. H. Cramer; treasurer, Mrs. Lloyd Gardner.

Popular Couple To Wed Saturday

Percy Dunlap and Mirian Skiff will be married in San Francisco Saturday by Rev. J. H. Bennett. The happy couple will then go to Lake Tahoe for part of their honeymoon, returning to Campbell in about two weeks.

Both are popular young people of Campbell and will return here to make their home where Mr. Dunlap has an interest in a garage business.

Sincere good wishes are extended the happy couple.

Few men will admit being wrong as long as there is chance to make others believe they are right.

So very many have been doing five days' work and scattering it over six days.

MRS. KEESLING HONORED BY GRANGE

An unusual program was presented by the lecturer of Orchard City grange Tuesday evening.

The Keesling band was greatly enjoyed. It includes Mr. and Mrs. Mervyn Keesling with their four children, Betty, Raymond, Mona and little Robert, not yet four years old, who sat down in front of the rest with his little rack in front of him and a beautiful cornet on which he blew with all his might keeping time with his foot to the amusement of a well filled hall. All used horns except Mrs. Keesling who presided at the piano.

Two pieces were played to the delight of the audience.

The minutes of the meetings in October, 1907, were read by Mrs. Edna F. Keesling then Chaplain, which showed that Mrs. Edna F. Keesling was then elected as secretary of Orchard City grange and has filled that office in a most acceptable manner ever since.

Mrs. Maud Hyde, Mrs. H. G. Keesling, Mr. Earnest Conart and Mr. Geo Husted composed a quartette with Mrs. Mildred Husted at the piano. They sang "When you and I Were Young Maggie" and "In the Heart of a Rose," as this closed, Mrs. McChesney slowly approached the secretary's desk and in a few well chosen words, presented Mrs. Keesling with a beautiful rose in the heart of which was a diamond set pin, a gift from the grangers.

All then marched to the banquet room where coffee, cake and a social time were enjoyed.

Later reports were received from the hall committee, and on the prune and apricot situation.

Worthy master Gage of San Jose grange was reported as having a limb broken and the sympathy of the grange was extended to him.

Next meeting of O. C. grange will be October 25.

CAMPBELL CHORAL SOCIETY ORGANIZED

Campbell Choral Society was organized last week with the initial membership of twenty voices.

The society and community feels very fortunate in its selection of Mr. Benj. Edwards of San Jose as its director and instructor. Mr. Edwards has had considerable experience in ensemble direction and has already instilled confidence and enthusiasm in the chorus.

He served his time with the St. Olaf Choir of Northfield, Minn., one of the world's most famous choruses and brings to us much of the fine technique of its renowned director, Professor Christiansen.

Indications point to an ensemble of about 50 voices in Campbell's society.

The officers of this new organization are: president Harry C. Smith; vice president, Mrs. W. C. Bohnett; secretary, Miss Marian Jenkins; treasurer, W. H. Stray; librarian, Mrs. D. H. Cramer.

BRIDGE PARTIES

Mrs. Herold Morton and Mrs. Frank N. Plummer of San Jose entertained two groups of friends last Thursday and Friday at the home of Mrs. Morton.

Baskets of beautiful flowers arranged in French bouquets were effectively placed throughout the attractive rooms.

Twenty-four guests were entertained each day. Luncheon was served at the small tables upon which were crystal baskets tied with matinee bows and holding smaller bouquets. The favors were hand-painted flower pots which served as nut cups and place cards Bridge was the diversion of the afternoon.

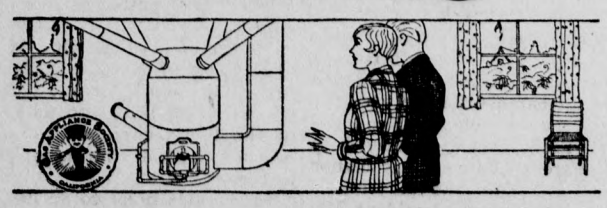
Clean, carefree heating



That's the beauty of GAS fuel

WITH the new gas-fired warm-air heating systems the air is heated without coming in contact with the gas flames. Only pure, warm air goes into the rooms.

Here is reliable, economical and absolutely carefree heating for your home.

So buy a good gas-fired furnace. Get it from a dealer who will install the furnace correctly. For that means long years of economical operation. But remember—there's little economy in a cheap furnace installation. So you better talk to our gas heating specialist first, for he'll gladly advise you about specifications that insure economical and efficient gas heating.

AUTOMOBILE DRIVING AND CHARACTER

Driving an automobile is an experience that does not leave people just driving as they were when they first took it up. If they approach this activity in the right spirit, the experience promotes quick thought, good judgment, and capacity to act promptly and correctly.

There are many people who have a hesitating way of doing the things that are necessary, but they can't drive an automobile successfully with that habit. They have got to learn to kep their eyes open, and act at once as their eyes show them the need.

They can not get the full benefit of this experience, however, unless they have a willingness to learn and profit by their mistakes. If they have a narrow escape from accident, and if they think the blame was all on the part of the pedestrian whom they nearly ran over or the car into which they nearly bumped, they may have the wrong point of view. When an accident nearly happens, both drivers are quite frequently to blame to some extent.—Ex.

There is no man so friendless as the one who has lost his political pull.

Every man thinks that he is the proper one to stand around and boss the job.

Rich men have their country places, but poor men must be satisfied with farms.

A man may be able to trade his reputation for money, but he can't trade back.

Do You Want to Know?

What does the Campbell Relief Society do with their money? This question came to the ears of the writer, so he answers it as follows:

When cases of need are reported to any member, for members can't be everywhere, and don't know all happenings until reported, an investigation is made and immediate aid given whenever the case warrants such.

The children and aged or those in ill health must be provided for and wherever the case is one of permanent relief, the county charities is notified and the case turned over to them. Of the $50 per month allowed for charities, approximately $12 per month goes out for milk alone.

At Christmas time, through the aid of the school nurse, we are able to account for all needy families in the school district; the Relief Society cares for all they can financially and turns over the rest to the Elks, who always ask our co-operation in sending needy families a bit of Christmas cheer.

All money is deposited in the bank, a warrant is drawn in favor of the creditor and passed to the treasurer who writes a check for same and pays the bills. Both warrant and returned checks are receipts kept on file together with all data on case form cards.

It is not our policy to shout these names from the house-tops but our books are open to those who care to investigate the results of most earnest efforts on the part of the committee.

Sometimes the word comes from some uninformed party that a certain needy person is actually in desperate straits and that nothing is being done to alleviate the suffering.

Why not seek out the proper person, a member of the Campbell Relief Society and talk it over. Maybe help has been extended and without publicity, that is happening all the time.

Mr. C. H. Whitman is president of Campbell Relief and is nearly always reached by telephone or by personal interview at his place of business. He will gladly listen to any call you may give and confidentially pass it on to his workers, for them to investigate and attend to, as they always have done in the past three years.

PLAY ESSAY CONTEST

Campbell Theatre is a Campbell institution, and we consider it our duty to "do our bit" towards promoting Campbell's growth and help make it a better place to live and invest money in homes and business enterprises, and we know of no better way than to give you good clean entertainment and help to instill high ideals. A picture theatre is an absolute necessity in any town and if run in the proper manner, can be a great help to the community in many ways. It is our desire, and intention, to always give you the very best pictures and help in every way posable to put Campbell on the map. Showing the best pictures is not the only we can help our town. There is dormant talent in every town due, in a great many cases, to a lack of opportunity to try it out, or exercise it. With this fact in view, we are going to put on a series of contests to help bring out this talent. The first of the series will be an Essay Contest, open to all students of our schools. This contest will start in October and end in June and to make it interesting and worthwhile we are going to give cash prizes amounting to $100 to the winners. First prize, $50.; second. $35; third, $15. The contestants are to write an essay one one picture each month. The name of the picture will be announced on the screen before it is played, and the winner will be announced on the screen each month, and the winners of the series will be awarded their prizes at the end of the contest. Profesor D. H. Cramer, Campbell High School, Professor I. R. Abbott, Campbell Grammar School and Mrs. S. N. Hedegard, president of P.-T. A. have kindly consented to act as judges in this contest, and Mr. Harry Smith of Campbell Press has kindly consented to receive all essays and turn them over to the judges and print the winning essay each month in Campbell Press. Address all Essays to Campbell Theatre Essay Contest in care of Campbell Press.

A Call - Do Your Bit

Community Chest Time Again.

Some of the reasons why we give:

A—It is the most scientific way to give.

B—It enables us to give or pledge once yearly, rather than being solicited many time for individual charities.

C—We may know at anytime how and where the money is used.

D—We may give to any special cause we wish by so designating on the pledge.

THINGS TO REMEMBER

No matter how little one can give, it all helps. Don't hesitate to give because it can't be a large amount.

The workers soliciting you have given as generously as possible of their money besides giving a great deal of time and effort, and, many give willingly, there are places where the worker receives unkind replies and is treated as though he were asking help for himself.

It is not an easy matter to persuade people to ask for money so at least be courteous to them.

Campbell Has Caught the Fever

By Benj. Edwards

We know from demonstrations by psychologists and educators that music properly selected and studied makes for better citizenship. Music is the best mind trainer of them all and the enjoyment derived is unsurpassable. These are just the reasons why Mr. Cramer, the principal of the Campbell Evening High School, provides a course in Chorus singing.

Last Thursday marks the date of our first rehearsal, when 20 enthusiastic singers made their presence known by their splendid singing. Singers from other communities, such as Saratoga, Los Gatos, Mountain View,etc., were present. Never, in my eight years experience in directing, have I enjoyed the work more fully than with these men and women. Little did I realize the posibilities of a chorus in your community, such as was organized last week.

We have already launched out into a most interesting program for this organization. Our first appearance will be at Christmas time. The Roosevelt tree, which adorns your campus will be illuminated during which time the chorus will present an interesting and artistic program.

In February, the chorus will appear in concert. This is merely a start, however. Mr. Smith, our kind editor, will inform you in due time concerning the dates of the above performances.

I have made a careful and choice selection of material including compositions from all schools, both classical and modern; both sacred and secular. Our repertoire will be varied—and in variety is the spice of life.

The above statements are but a preamble, for I am about to release the most interesting information of special significance to you. It is in the form of an invitation. We invite you to be one of our members. The membership is limited to fifty-four (54). We expect about 20 additional members who have promised to sing with us. but who were not present at our last rehearsal. That makes a total of forty (40) members. There are openings for 14 more. Our chorus is very well balanced so that if you are soprano, alto, tenor or bass in classification, you have an opportunity to be one of us. Don't delay, as this invitation is not a lasting one.

Do you realize that you can sing? That song has a place in every life? Why don't you sing? "Because I have no voice!" If such is your answer, you are laboring under the delusion that a singing voice is a talent given to but a few. You may not be aware that the voice that speaks is the same identical one that sings. If you believe you have no voice, let me assure you that the opportunity is yours to prove it. No one who speaks can prove to me that they cannot sing. I shall award you a substantial prize if you can prove it.

The gift of song is possessed by all, as it is within your grasp. Some of our most famous singers were obliged to start with seemingly no voice.

We rehearse every Thursday evening at 7:15 in the Campbell High School. The course includes 15 minute lectures on the voice and vocal production. You will find these lectures will serve to broaden your musicianship.

There are no limitations in art, hence the field is yours for a greater community. We trust that you will show a spirit of co-operation thus benefiting yourself, your community and people at large. For further information, consult Mr. Smith.

Yours in Harmony.

To introduce

Savex

A super-soap! a suds-sensation!

2 regular 25¢ packages for the price of 1

COMPARE SAVEX with any granulated soap you have ever used, and you will find this: Any good granulated soap will ease up your wash-work *some*. But no granulated soap can hope to lessen your wash-work and *really whiten* your clothes as Savex does. For Savex is as great an improvement over ordinary granulated soap as granulated soap was over the old-fashioned bar soap.

We are so sure of the suds-surprise Savex has in store for you that we are willing to *pay you* to test out these claims in your own home. Hence our special "get-acquainted" offer—buy one package of Savex at your grocer's one week only and get an extra package free! Then—

Use Savex in your washing machine—no need to soak or rub, boil or blue, yet your clothes will come out of the rinse with a white-whiteness that will make your clothes-line the envy of your neighbors. Also, use it for finer things in tub or basin; soak briefly and only rub badly soiled pieces. You need never boil or blue.

Moreover, Savex is absolutely harmless. Its light, fluffy suds will not harm the textile beauty of finest silks or softest woolens. Colored things washed in Savex keep their bright loveliness. Yellowed or stained things are restored to their original whiteness.

What's more, Savex is kind to your hands—always! For Savex is no experiment. It has been tested by hundreds of women for over two years, in all kinds of water and in communities where washing problems were the most difficult; *and it has proven itself on every count!*

Remember—this special introductory offer holds good at all grocers for only 8 days beginning Saturday. Take advantage of it today—put Savex to the only test that counts—the test in your own home. Then you too will know why women say, "There's nothing like it!"

At all Grocers for one week only
